SOFTWARE SOLUTIONS
We inspire the next

Dear Madam/Sir,

Firstly, accept our heartfelt greetings.

Objective: The vision of this program is to equip students for successful employment.

As you know Nxtlogic software solution is a one of the leading software company in Coimbatore. We are providing quality training in advanced domains such as .NET, JAVA, PHP, ANDROID, MATLAB, VLSI, EMBEDDED, MECHANICAL, NS2 and Management Projects. Currently these are the hottest and largest job providing sectors. With reference to the same, we wish to start training programs in these fields for the student at our company.

Nxtlogic Software Solution has already run different "Project Training and Guidelines" at many colleges and having a long experience in handling the projects of various departments of industries. We are providing two month project training. We are having the collaboration with many companies to train their employees in new and advanced technologies. Being an industry, Nxtlogic Software Solution is providing them at very reasonable fee. At end of the training Nxtlogic Software Solution will certify each student.

Academic project training program would be started after obtaining your confirmation. We look forward to your kind cooperation in our attempt and will wait for your reply. Thanking you in anticipation. In project training will be scheduled at one month. First one week basic software training classes based on your project domain and next 3 weeks hands on practical training of your project will be conducted.

Again, thank you for allowing me to present this proposal. Please keep in mind that many aspects of this proposal can be tailored to your specific needs. As soon as you are ready for me to move forward, or if you have any questions, please let me know right away.

Nxtlogic Software Solutions
